

PERSONALLY SPEAKING

By: Your Editor.

FIGHT!—On Monday, without provocation the Huns bombed the beautiful city of Paris.—Have you ever been there? Paris has an atmosphere of cultured restraint and age-old perfection which is nearly tangible. To think of bombs defacing Paris makes one positively ill.

However, this is war: no holds barred: so on Tuesday the French bombed the also-beautiful city of Munich.

That's swell—tit for tat. Give the Heinies a taste of their own medicine: the German populace was not bombed in the last war, nor was Germany invaded. This war is being fought without rules or laws: dog-eat-dog.

Churchill told the English people early this week "We will fight for years, if we have to fight alone!"

Now how can Hitler and the devil beat a spirit like that??

—ww—

CHUMMY—Our President gave us a real clubby "fireside chat" a week ago Sunday evening. He pointed out that eight BILLION dollars had been spent for national "defense" during the seven years of his administration . . . giving us a first rate navy, a cute little army the size of Portugal's, one anti-aircraft gun for each 100 needed, NO anti-tank guns—and not enough gun-powder in the nation to provide sufficient ammunition for our existing artillery and rifles.

A Republican President probably would have done no better: we Americans don't take war very seriously until we have to. Then we jump in and win.

When asked to commit himself on his third term plans he replied he was "too busy with problems of far greater importance."

Tschk, tschk! We'll take vanilla.

—ww—

WELCOME—Nice bunch of businessmen here in Washington Township. Everywhere I go, the glad hand of fellowship, followed almost immediately by business orders.

One proprietor-unbeknownst to me was writing out an order to send to an out-of-town printing firm as I walked in. He gave me the order instead . . . so I spent some money with him: thus keeping Niles dollars in Niles.—That's something out-of-town printers can do: spend money with the local merchants who patronize them. This maxim is q. e. d.

—ww—

FLOWERS—Why pay the extra expense of a phone call or driving your car to Hayward or Oakland when all your floral needs can be taken care of right here in Washington Township? Give Mrs. Alice Miller a ring at Centerville 183, or see her at 114 Central avenue; in Niles call 94 or drop in at the Niles Cleaners . . . and just what you order will be delivered promptly at any address you specify, and at the time you desire.

This service should prove convenient to Township residents who need flowers for funerals, weddings or for entertaining.

"Trade at home"

—ww—

WEST—if anyone doubts that Niles' Main street runs nearly due east and west let him or her stand on the white stripe in the middle of the street late any afternoon this time of year and raise his eyes . . . The setting sun pokes you right in the nose!

NEW ADVERTISERS THIS WEEK

The Township Register welcomes the following firms and individuals to its advertising columns:

R. PETERSON, the Plumber, Niles. (Month's schedule.)

THE FLORAL BOUQUET, Mrs. Alice Miller, Centerville. (Every other week.)

CLOVERDALE CREAMERY, Centerville. (Every other week.)

LUSTIG FURNITURE and Hardware Co., Hayward, anniversary sale.

DR. CHAS. S. ORMOND, Chiropractor, Hayward

Mr and Mrs A. C. Garcia of Niles spent Saturday at the Exposition, then visited their daughter, Mrs. M. Iacopi. On Sunday they visited Frank Garcia, well-known hereabouts, who is convalescing satisfactorily in the St. Francis hospital at San Francisco.

JR. C OF C GIVES 'KANGAROO' MONEY TO FOUR GROUPS

The proceeds of the Kangaroo court held two weeks ago in Niles by Ernie Frick, Bill Helm, Dick Attinger and other desperados, was evenly divided between the Niles Boy Scouts, Girl Scouts, Brownies and Cub Pack by action of the membership at Monday night's supper meeting of the Niles Junior Chamber of Commerce held at the City of Florence Restaurant.

With Vice-President Ed Enos serving for President Henry Vervais, who was absent on a "sleuthing" assignment, L. L. Lewis, chairman of the Chamber's Scout finance committee reported that the "give-or-else" drive (hi-jack would be a better word!) grossed \$113.08. Expenses for lumber and building the "goal" amounted to \$13.48, leaving a net sum of \$99.60 for distribution to the four juvenile organizations in Niles.

Of this sum it was voted to keep \$19.60 as a Scout Building repair and maintenance fund, with which to repair screens, doors and windows, and buy paint from time to time; leaving \$20 cash to be given to each of the local scouting organizations.

—Thanks To Berchems

The recent Ham Whist party grossed \$87.85, Treasurer L. Bain reported. Expenses came to \$48.15, leaving a net sum of \$39.70, which has been deposited to the credit of the Niles Boy Scout troop.

Thanks were extended to the Berchem Quality Meat Market for providing the hams. The above money was used to buy 12 new tents and a reflector oven.

It was moved unanimously that Secretary Fred Duffey write the state director of natural resources to ascertain if the state would be interested in procuring Niles Canyon as a State Park.

A group of members under the direction of Fred Duffy is to meet Saturday afternoon at Joe Vivera's place and proceed to clean off the "NILES" sign up the hill, which may be seen from most of this township.

Scouter L. L. Lewis reported taking moving pictures of the fine camporee recently held up the canyon by the Niles Troop. He explained that local troops undergo tests in camporees; that camporees are held between troops within a council district; and that the highest 40 percent of troops qualify to compete in the state-wide camporee to be held in October.

Building Donated

It was pointed out that the Scout meeting house at the lower end of Third street, its use donated by Mrs. William H. Ford is maintained by the Niles Junior Chamber which pays taxes, lights and water. The building is used as a meeting place for the four Niles Scout groups.

Joe Enos reported the weeds around the building were levelled by a tractor loaned through the courtesy of Mr. George C. Roeding Jr. and that repairs are being made to the building as fast as finances permitted.

Walter Waynflete, editor of The Township Register was accepted into membership, promised the Chamber full publicity on its meetings and thanked them for their liberal printing orders.

COMEDY TO BE PRESENTED AGAIN

The comedy "Leave It To Mother" which was presented successfully several weeks ago by members of the Niles Parent-Teacher association in the Niles Grammar school auditorium, will be re-enacted on Wednesday evening, June 19 at 8:15 o'clock, according to Mrs. C. N. Myrick.

The new presentation is being co-sponsored by the Washington Township Country club as well as the Niles P. T. A. Tickets may be secured in advance from members of either organization. (Printed by The Register Press, of course.)

THRONGS SEE OPENING FAIR PARADE

Vast crowds (more than 123,000 attended) view the Golden Fourties Fiesta parade on Treasure Island. Here is a part of the throng pictured in the Temple Compound as the column passed. Such scenes were duplicated hour after hour throughout the gay opening day.

Speaker Presents Forceful Address On Democracy

CENTERVILLE — Thirty-two members of the Washington Township Business and Professional Women's Club met at Kleine's Restaurant Monday night to hear Miss Anga Bjornson, Oakland teacher of social science, give a forceful and stirring address on the place of women in a democracy. She urged that women exercise the responsibility of the ballot and ventured the opinion that if women the world over had had a sufficiently active interest in world affairs that the present situation would not have developed.

"We don't need to worry about extra powers being given to any one man as long as we can vote him out of office," she said. "It is more important to know who is the political boss of the community and how he raises his campaign funds than anything else. Bossism is only another name for leadership. Thomas Jefferson was a boss. Theodore Roosevelt was a boss. We can choose our leaders or we can be led to the poles with a ring in our nose without even knowing we are being led."

She urged door to door visiting and telephone calls and small contributions of 25 cents or a dollar from many people rather than a few large financial donations to campaign expenses of candidates.

A man supported by small gifts from many people is more free in the legislature than one controlled by large money contributions, she said.

She denounced Facism, Nazism and Communism saying that democracy must be the rule of the majority with respect for the rights of the minority. She urged care in fifth column activities, warning that judgment should be exercised before relegating people to this role unless facts proved them to be fit for that category.

Reports of the state convention were given by President Jean LaCome, Matilda Enos and Lavon Sorenson. Plans were made for the next meeting to be held Monday night, July 1 at Treasure Island.

FAIR ATTENDANCE GAINS

During the first six days of the 1940 season, May 25 to 30 inclusive 363,303 paid admissions were recorded at the Treasure Island gates. That is 67,019 in excess of the gate recordings for the same period last year.

Mr and Mrs Tony Enos Costa and family attended the carnival at San Leandro on Thursday evening.

TELEPHONE HOOKUP SOUNDS NILES SIREN

The new automatic siren at the Niles fire hall was given a try-out last Friday morning when fire broke out in the office of the Gilmore Fabricating Company. The blaze was extinguished by the fire department before any appreciable damage had resulted.

The new siren was installed recently with telephone hook-up. The only other district in the township having such a piece of equipment is Irvington.

TWIN CHINESE BOY SUCUMBS TO SUDDEN ILLNESS

NILES — Roy, six-weeks old, one of the Chinese twins born at the Silva Maternity Hospital died after a sudden illness at the hospital at midnight Friday. Funeral services were held Monday from the Bergo Mortuary at Niles with interment made at Mountain View Cemetery at Oakland. The child's father, Sing, in charge of the packing sheds at the California Nursery company and the mother were grief-stricken at the death of the baby who is survived also by Ray, the other twin, and another brother.

Ray was returned to the maternity home for further care. The two babies who had thrived since their birth six weeks ago had been in excellent health when they returned home a week ago and up to the afternoon of Roy's sudden illness. The other baby is progressing favorably.

THE RED CROSS APPEAL

With America's contribution to aid European refugees doubled from ten million to twenty million dollars it behooves residents of Washington Township to dig a little deeper into their jeans, and quickly.

The touching story has come to hand of a contribution of \$60,65 received by the Pacific Coast headquarters from the ESKIMOS occupying an island situated between Alaska and Siberia. Their only source of revenue is derived from selling figurines carved from ivory walrus tusks . . . but they wanted to do their bit.

This little tale should put to shame those of us who reside in comfort and affluence amid the beauties of Washington Township and who unobtrusively drop a dime or a quarter into some receptacle and think we have done our part.

School children with their contributions of pennies and nickels make a real sacrifice when they give up their candy money for a week; can we parents make a deliberate sacrifice of some usual indulgence and give a dollar or two?

Let's try it. There is no organized solicitation: this is a voluntary call. When an organization of which a man or woman is a member contributes \$5 or \$10 that represents that organization's contribution and DOES NOT relieve its members from their duty to make donations as individual citizens.

Only \$6,000,000 had been raised up to Monday, and the period for raising the money ends June 30. It is up to you and all of us just how many Belgian, Dutch and Norwegian—and even French—refugees are fed and clothed—or left to starve.

NILES POSTOFFICE EARNS HIGH RATING

Postmaster E. E. Enos was all smiles Monday evening when he learned the Niles Postoffice had been given a 98.4 percent rating that day by a Postoffice Department Inspector who spent Monday examining the records and methods of the local institution. Last year's rating was 88.6. This is a matter of gratification not only to the staff assisting Postmaster Enos, but to all patrons of the Niles Postoffice. (How about that last 1.6 percent, Ed?? —W.W.)

AMERICANIZATION PAGEANT TONIGHT AT CENTERVILLE

CENTERVILLE—Final arrangements have been made for the citizenship pageant to be given at Washington Union High School gymnasium tonight at 8 o'clock. More than 50 new citizens are expected to be present including those who have received citizenship papers through the night school and those who have reached the voting age for the first time this year.

A final appeal is made by Principal Barton Webb of the night school for the presence of all new citizens—those who will vote for the first time this year. Flags will be presented by the Washington Township Post of the American Legion, the Native Sons and Daughters of Centerville and the Native Daughters of Niles.

The program will consist of a colorful pageant with songs and dances of old countries from which have come America's citizens. Italian, Porto Rican, Swiss, Mexican, Japanese, Spanish, Hawaiian and Portuguese will be represented. Approximately 20 organizations will take part in the line of march which opens the program.

The script has been written by Marjorie Webb and music will be furnished by Larry Silva's orchestra. The California Nursery company at Niles is aiding with decorations and the orchestration of the music has been furnished by the Niles Rotary Club.

MRS. ANEGLINA MENDIS ANSWERS LAST SUMMONS

IRVINGTON — Mrs. Angelina Mendis, 46, who died at the Lane Hospital at San Francisco was given final rites at the Bergo Mortuary Tuesday morning. Mass was said at St. Joseph's church at Mission San Jose and interment was made in the Holy Ghost cemetery at Centerville.

She was the wife of Samuel Mendis and the mother of Samuel, Jr., and Mrs. Margaret Shuman of Monterey, Mrs. Marie Mendis and Manuel Mariano of Santa Clara and the sister of Mrs. Mary Nunes of Irvington, Tony Pine of Alvarado, Joe Pine of Alviso and Gaspar Pine of Newark.

Mrs. O. J. Emery is reported critically ill at the home of her daughter in Martinez.

WATER DISTRICT TAX RATE TO BE REDUCED SOON

Lowering of the Southern Alameda County Water District's tax rate is in prospect soon, was the good news brought to the Monday luncheon meeting of the Niles Chamber of Commerce at the City of Florence Restaurant by Will D. Patterson, chairman of the board of directors of the Alameda County Water District.

He traced the organizing of the district from 1913, which was followed almost immediately by litigation with the Spring Valley Water company, lasting from 1914 to 1918. It was not until 1930 that the state supreme court handed down its final decision, — one which was adverse to the District.

—Buys Company

In 1930 the District bought the East Bay Municipal Water company at Alvarado, which then pumped eight or nine million gallons daily. At the outset the presence of salt water developed, forcing the District to deepen its well from 100 feet, through clay to the second stratum of gravel at 180 feet, which eliminated the salt water infiltration. Washington Township communities are now all served from the Centerville-Shinn ranch wells.

The District now enjoys a temporary working agreement with the City of San Francisco at a low rate, whereby Hetch Hetchy water can be turned into the local system when available, at a pressure of 150 pounds, to keep the fresh water table above sea level. The City of Hayward gets the benefit of the Niles arrangement by infiltration, at no expense to Hayward, he said.

THE TRUTH SIMPLY TOLD
Today's popularity of Doan's Pills after many years of world-wide use surely must be accepted as evidence of satisfactory use. And favorable public opinion is the result of the able physicians who test the value of Doan's under exacting laboratory conditions.

Europe's War May End
Many Theoretical Ideas

I could go on with other illustrations of the character mentioned here. These serve, however, to illustrate.

These physicians, too, are very fond of advertising you read, the objective of which is only to recommend Doan's Pills as a specific treatment for disorders of the kidney function and for pain of the kidney and womb, and for relief of pain and worry it causes.

If more people were aware of how the kidney constantly remove waste that cannot stay in the body without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed.

Burning, scortching or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, sleepless nights, swelling, puffiness under the eyes—feet weak, nervous, all played out.

Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

New Program for U. S. Defense
Crowds Politics Into Background

Rising Tide of War Hysteria in Nation's Capital
Endangers Advancement of Many New
Deal Social Reforms.

By WILLIAM BRUCKART
WNU Service, National Press
Bldg., Washington, D. C.

WASHINGTON.—There is a new kind of political conflict developing in Washington. The extent to which it will go depends, obviously, upon developments in Europe's war. It is fair to say, nevertheless, that at this moment die-in-the-wool New Dealers are frightened within an inch of their lives from fear of what the war hysteria is going to do to their pet social program.

It should be said by way of explanation that President Roosevelt's defense program is likely to require the best industrial and military brains available. That means the President must turn to the captains of industry—so cordially hated by real New Dealers—for certain types of help and guidance for a preparedness program.

Through these last several weeks, observers here have witnessed New Dealers making strenuous efforts toward warding off any changes in their programs that would set back the schemes they have been fostering through the last seven years. Those New Dealers who have the President's ear have gone so far as to persuade him to issue a warning to congressional leaders that none of the New Deal reforms or social advances shall be abrogated by defense legislation.

In the meantime, however, most every observer also has witnessed a tendency on the part of those charged with official responsibility to take steps leading to more workable plans in hastening defense preparation. Indeed, right now there is an intensive study being made under guidance of the army and navy of such things as wage and hour regulations, and limitations upon private financing. Other things that amount to handicaps upon the nation's productive capacity also are being examined. The idea behind all of this is, of course, to learn whether the numerous so-called reforms will help or hinder speedy development and production of the war materials which must be available if Europe's war gets further out of bounds.

**Minimum Wage Scales
Are Being Investigated**

As showing how the New Deal advocates are resisting any encroachment upon the reforms which they have fostered, it is necessary only to report, as an example, that the federal contracts board has been holding hearings on proposed minimum wage scales. The board is functioning under the Walsh-Healy act. This statute permits the department of labor to fix minimum wages paid in any industrial plant which is manufacturing under a government contract, if the materials which the government is buying cost more than \$10,000.

The board has been going right ahead with hearings on its recommendation that a minimum wage of 52½ cents per hour be established in the entire electrical industry. It has done this notwithstanding the fact that anybody must realize how useless the procedure is if it becomes necessary for the President to use war-time powers and require emergency schedules of production to be maintained.

Moreover, it is doubtful that the information collected by the board will have any value in any event. This is true because war-time conditions abroad naturally are influencing our industrial conditions. The data being collected probably will be meaningless if the war continues another six months.

With respect to the question of limitations of hours which employees may work, the same story is true. In addition, it can be said, I believe, that congress will waste very little time in removing the restrictions on hours of labor if the emergency requires complete marshaling of American productive capacity.

**Europe's War May End
Many Theoretical Ideas**

I could go on with other illustrations of the character mentioned here. These serve, however, to illustrate.

WAR TALK AND POLITICS

Favorite social reforms of the New Deal are being shoved into the background in official Washington on conversation and attention because of the war hysteria, says William Bruckart. This worries some of the politicians for they feel that hard-headed, practical business men may be called in to replace them in order to speed up the President's plan for building up America's home defense program, even in these days of "crisis."

Something Old, Something New

Spring brings romance, but summer brings wedding bells, which are ringing this June for thousands of brides throughout the land. Most of them are thinking of the old superstitions which must be observed for good luck, as well as of the creations of lace and tulle in which they march to the altar.

Picture Parade

The gleaming reflection of a polished plate glass mirror gives back a vision of loveliness to this bride who has chosen a gown of silk Chantilly lace fashioned on classical lines.

Right: Another popular old superstition demands that the bride and groom be showered with rice "that the union may be fruitful."

Old shoes mean the bride and groom will walk the path of happiness and contentedness.

An old gypsy custom demands that the bride jump over the fire for luck.

HOW TO SEW
by Ruth Wyeth Spears

A CERTAIN Miss Fixit, and that was not really her name, inherited a house full of furniture that was not old enough to be either quaint or antique. One day she sent for my little Book No. 4, and there she found a sketch showing how to plot a room color plan based on a rug, or a picture, or a piece of drapery material with good coloring. Miss Fixit had a picture that she had always loved because of its beautiful colors. Just for fun, as a sort of game, she made a room color plot based on that picture. Then she suddenly realized that, after all, color is very cheap—anyone can have all they want of it for very little money.

That was really a turning point in the life of Miss Fixit. This old rocker that she made over is merely a sample of what may happen when a clever young lady is bent upon bringing color into her life. The chair has been painted a pale turquoise blue, and the seat cushion and back are covered with an inexpensive chintz in tur-

quoise; cherry red; primrose yellow and deep green, with red bias bindings.

I wish every reader interested in choosing colors for her home might have a copy of my Book 4. It contains an illustrated rule for making a room color plan, based on the colors in a picture; a rug; a vase; or a piece of drapery material with lovely colorings. The rule is so clear and easily understood that I am sure every reader of these weekly articles would be delighted to have a copy. To get your copy, send 10 cents in coin and ask for Book 4. 29 Events To Feature Rodeo At Livermore

C. N. P. A., Inc., Service

Livermore—Champion cowboys and the toughest broncs and bulls in the country will be in Livermore next Saturday and Sunday, June 8 and 9, for the annual Livermore Rodeo. Four parades will add color to the event. Festivities will open at 10 a.m. Saturday with a pioneer parade in which Stockton, Hayward, Alameda, Oakland, Berkeley, Pleasanton, Lodi and San Francisco will take part. Cowboy parades will precede both performances, and a Horribles parade will be held Saturday night.

Wild cow milking, steer wrestling, and two classes for Palominos are new contests in the 29-event show this year. Races, championship bronc riding, Brahma bull riding and roping are other highlights of the show.

Champions and former champions who will compete for new Rodeo Association of America ratings include Burel Mulkey of Salmon, Idaho, John Bowman of Oakdale, Johnie Schneider of Livermore and Clay Carr of Visalia, all former world's champion all-around cowboys; Fritz Truan of Lancaster, current champion; Jack Korsch of Blackfoot, Idaho, 1936 steer wrestling champion; Pete Grubb of Florence, Arizona, 1938 bareback bronc riding champion; Frank Schneider of Isabella, 1935 bareback bronc riding champion and several times bull riding champion; Nick Knight of Cody, Wyoming, champion bronc rider; and Dick Griffith of Scottsdale, Arizona, world's champion trick rider and Brahma bull rider. Starlight, voted the toughest

bucking bronco in the United States in a cowboy poll, is entered in the show. Other top broncs include Gas Tank, only horse to throw Fritz Truan in his championship season last year, and Can't Do It.

Of the Brahmans entered, Double Trouble and Poison Ivy have never been ridden in five years of rodeo participation.

TREATING DISORDERS OF THE FEET**TYPICAL SCENES IN JUVENILE SUMMER CAMPS****BIRTHDAY PARTY**

NEWARK — A birthday party was held for Miss Beverly Hird, who celebrated her ninth birthday Saturday afternoon at the home of her parents, Mr and Mrs M. Hird. Games were played, and refreshments were served. Many beautiful gifts were received. Those present were Beverly Neves, Lorean Lone, David Fraga, Beverly Valles, Junior Valles, Edward Valles, Rosemary Trindade, Jimmy Hird, Robert Hird and John Ward.

The Newark Sportswomen gave Mrs Maudie Butler a handkerchief shower at Butlers Hotel on Tuesday evening. Refreshments were served and games were played. About seventy guests were present and all had a good time.

Attorney A. M. Mathews of Tracy and George Butler of Newark spent a few days last week fishing at Bucks Lake in Plumas County. They brought home a limit of trout.

Wilbur Williams of Newark has been transferred from a W. E. Marsh tug boat job to the Bay Dredging company.

Mrs Lena Schmidt and son Jack and Donald Malone of Blue Lake were house guests at the home of Reverend and Mrs Vernon Brown over the weekend.

Dr. Gerrit Verkuil, member of the board of trustees of the Presbyterian church will be the main speaker on June 9 at the annual Children's Day in Newark.

Mrs Josephine Brown has been confined to her home for several weeks with bronchial pneumonia.

Mr and Mrs George Tosti left Sunday for a week's vacation at Santa Cruz.

Mr and Mrs Anthony Francis spent the weekend visiting friends and relatives in Los Angeles.

Mr and Mrs Frank Neves and family, and Mr and Mrs Donald Maciel spent Memorial Day visiting relatives in Oakland.

The 4-H Agricultural Club held a meeting Friday evening at the Newark Grammar School. The following officers were elected for the coming year: Edward Kuegman, chairman; Paul Kouns, vice-chairman; Cleo Cooper, Secretary-Treasurer; and John Ray Trescott, Sergeant-at-arms.

The third and fourth grades of the Newark Grammar School spent Tuesday at San Francisco at Golden Gate Park. They were accompanied by Miss Shea, vice-principal.

The S. E. S. lodge of Newark held a luncheon and dance at the Newark Pavilion on Sunday. A large crowd was present.

The Westvaco corporation of Newark held a picnic on Saturday at Linda Vista Park in Mission San Jose. A softball game was played among the members. Lunch was served at noon.

Register Your Children Now For Summer Camps

Summer camp officials operating camps out of the Eastbay cities today announced unusually heavy registrations and urged parents to enroll their children before all places were filled. The advantages of a summer camp experience were emphasized by educators, physicians, ministers and civic leaders as greater this year than ever before, in the face of the pressures at home of war news and world conditions.

Unusually heavy registrations for the 1940 season indicate the necessity of immediate enrollment, the camp directors said. Camps available to Eastbay residents include these low-cost, non-profit camps offering a wide variety of outdoor California living to boys and girls:

Camp Tawonga, in the Tahoe region, for boys and girls, operated by the San Francisco Jewish Community Center and co-directed by Philip Brotherton and Emma Loewy.

Timberville, for Girl Reserves, in a model National Park campsite in Mendocino County, Bay Region YWCA, Emelita Cohen, Director. Camp C C Moore and Camp Lillenthal, Sonoma and Marin Counties, San Francisco Council, Boy Scouts of America, Victor D. Sharp, Chief Camp Director.

Camp Faraway Mine, for Berkeley Girl Scouts, in the Sierra, directed by Ann Aab.

Contra Costa Vacation Camps, boys girls and families, in the model National Park campsite, Mendocino, Directed by Carol Levene.

Registrations may be sent to the Cooperative Camp Planning Committee, Carol Lavene, chairman, at 271, 10th Street, Richmond.

On Monday evening the Newark Sportsmen Club defeated the Newark Rod and Gun Club in two games out of three played in volleyball, while on Wednesday evening, the Newark Fire Department defeated the Newark Sportsmen Club in two games played out of three. Both of these games were played at the Newark Pavilion.

The Newark Grammar School gave a number of awards to the students last Tuesday. Art awards were given to Dick Tuchsen and Ernest Tremblay, and special awards to John Ray Trescott and Frank Vierra.

The eighth grade of the Newark Grammar School spent Thursday, June 6 at Treasure Island.

THE TONIC PURGE OF WAR

War at best is a grisly thing. However, the repercussions which have reached our shores are proving beneficial if only to get our military "ostrich's" head out of the sand.

Further, Congress is going to town with potent and much-needed legislation, passed quickly, almost unanimously, with party lines no longer a factor. America First! and party-labels afterwards.

Congressman Dies this week is introducing a bill OUT-LAWING the Communist party, the Nazi Bund, and any other subversive groups receiving their direction and support from foreign countries.

Congress has placed the department of immigration in the hands of the Department of Justice.

These are good things for our country's and our own safety and welfare. Should have been done long ago.

The sudden clarification of issues at Washington, and the resulting house-cleaning we can thank the war for—if wars can ever be thanked for anything!

THRILLING — BUT UNTRUE

Daily newspapers sell their copies by headlining sensational news. So they are giving Hitler and the Nazi press releases full play, accepting as gospel all that comes over the cables from Berlin.

The conservative—and more nearly truthful—British and French high commands release less exaggerated daily communiques, these coverings facts only after they have happened.

The Berlin releases—as pointed out in these columns last week—represent wishful thinking, rather than facts.

For example: when the Nazis broke through the West Wall ten days ago the daily papers shrieked in headlines the Berlin statement that "a million Allied troops were trapped and being cut to pieces." All of which gave us sane Americans many unhappy hours . . . and later proved to be a gross exaggeration.

As a matter of fact the British only had about 200,000 troops imperilled in Flanders, of which 150,000 now have been safely evacuated to England. French and Belgian troops—numbers unknown—have also been evacuated to England . . . leaving at most less than 15,000 B. E. F. at the mercy of the Huns, instead of the "million" Berlin clamped its jaws over so lustily.

Sunday's papers quoted Hitler directly as saying "Paris is as good as ours" and "the French have spent their best troops and most of their material."

This is just bunk—and more wishful thinking. The Kaiser boasted Paris was his 26 years ago. He didn't get there then and has not got there since. (Where is he now, anyway?)

Judging from the resistance and counter-attacks the French are hurling against the invaders north and east of Paris the Allies are anything but "cracked." There's many a slip twixt a military ambition and its achievement.

The British Admiralty more or less laughs at the Italian navy as a "trifling annoyance." Of course Italy's entry into the dog-fight develops a new front, for which the Allies long have been prepared.

Which still leaves the Soviets lurking on the side-lines waiting to jump in at the kill—IF ANY. The Soviet fiasco in Finland has removed most of the world fear of Stalin and his armies.

Germany's losses in men are terrific. Since invading Belgium she has reliably lost 3,000 planes, which leaves 11,000 or less of the original (supposed) 14,000. And planes can be built much faster than pilots can be trained.

England and France WILL hold while Germany bleeds herself white of soldiers, ammunition, planes and tanks, food and money . . . after which the Allies can start doing things THEIR way.

They undertook the war last September 3 with the avowed purpose of destroying Hitler and nazism and that desirable objective has not yet been attained.

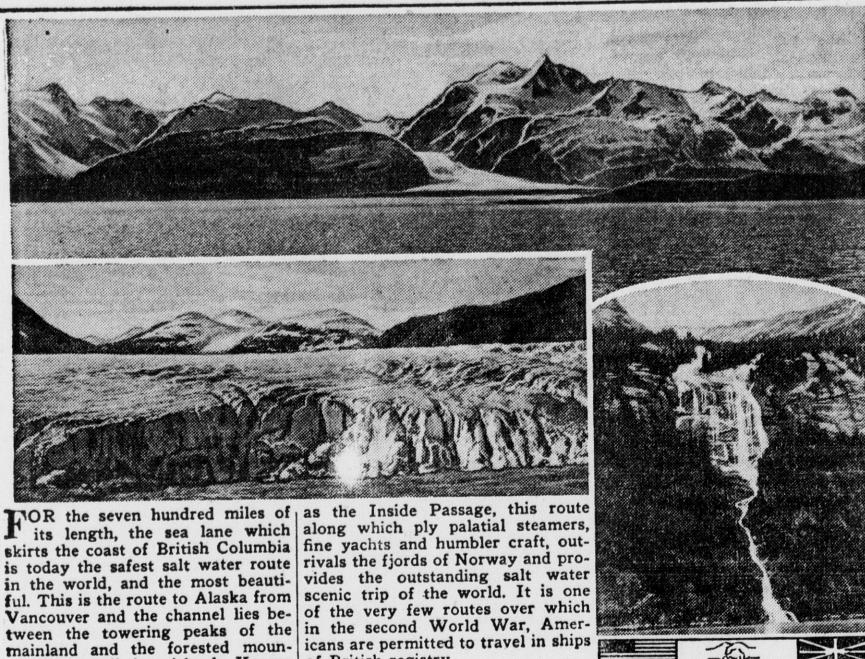

So the war continues from day to day and American daily newspapers are doing a fine job exploiting the Berlin war office; only to contradict or gainsay these despatches in later editions.

It all makes thrilling reading—if you care for it.

The wanton destruction of Canadian and American monuments, libraries, cemeteries in France by war-mad Ger-

WORLD'S SAFEST SEA LANE

FOR the seven hundred miles of its length, the sea lane which skirts the coast of British Columbia is today the safest salt water route in the world, and the most beautiful. This is the route to Alaska from Vancouver and the channel lies between the towering peaks of the mainland and the forested mountains of the off-shore islands. Known

as the Inside Passage, this route along which ply palatial steamers, fine yachts and humbler craft, out-rivals the fjords of Norway and provides the outstanding salt water scenic trip of the world. It is one of the very few routes over which in the second World War, Americans are permitted to travel in ships of British registry.

man aviators provides material for future peace-makers to put on their agenda.

Right and civilization and humanity will triumph in this war as in the last war, and the United States may never have to build those 50,000 planes; although it is a good thing to be better defended than we are now.

An old maxim runs that "God is on the side of the heaviest artillery." The Allies' artillery is just as heavy as the Germans', and for our part the United States has a wealth of raw material, skilled workmen, and some mighty fine factories.

A FULL TIME JOB FOR GRADUATES

This is the time of year that high schools and colleges are graduating great numbers of ambitious young men, ready now to become bread-winners—and for the most part, with no idea where to look for employment.

With the world in its present ugly condition, and our President planning immediate expansion of all arms of national defense the United States Army, Navy and Marine Corps offer splendid opportunities of employment, training and advancement for upstanding young men.

The army is the school of life and under its discipline good young men become better and bad young men get the wrinkles ironed out of them.

Army life is a fine experience for any young man. After all a "hitch" (enlistment) only takes three or four years of your life and the travel, training and associations will prove invaluable to any young man worth his salt.

Why not join up in one of the services, you young graduates who have nothing to do at present? In the light of present developments it's the patriotic thing to do. — W.W.

MASONIC HOME NEWS

By J. H. HEATH

When applicants for admission to the Decoto home present their credentials from the trustees of the grand lodge record is made of their wishes as to burial when the summons comes. It is estimated that about twenty per cent of the members of the home family stipulate the pretty little Masonic cemetery, located on the Oakland-San Jose highway, a mile or so north of the home, as their final resting place.

Memorial Day was observed under direction of Superintendent Hartman, by the simple placing of bouquets of home grown flowers on the graves of approximately 400 former home members.

the decoration being carried out

name of the deceased. The placement was made in the early hours of the day.

Several of the close friends of Earl J. Cassady, George Washington lodge, San Francisco, have received a chain letter giving the word of his arrival at Fairbanks, Alaska, where he will spend the summer as the guest of his son James and family. Stops were made enroute at Seattle, Klamath Falls and other points, the journey terminating with an eight day boat trip up the Yukon river. Cassady, who is employed part time as an assistant engineer to Chief Myers in the home "boiler house," intimates that he'd like a little of the warmth here. "My son comes home from work in his shirt sleeves," Cassady writes, "he finds me sitting close by a furnace register, and am none too warm at that."

However, as the temperature averages around 50, he attributes the chilly feeling to the low temperature of the blood in his California veins. His son carried out his promise of a first meal of moose steak. Interested in flowers having a fine rose garden on the home grounds, Cassady states that he sees now how Alaskans can raise flowers and all kinds of garden truck during the short summers and cites that "Old Sol" gets busy at 2:15 a.m. and it's still daylight when it's 10:30 p.m. in Decoto. Brief mention is made of the future long months when very little is seen of "Old Sol", and there's a whole lot more darkness than daylight. But his friends here are of the opinion that he'll be home before the seasonal night sets in.

Friday evening the home was honored with a visit by San Jose Chapter No. 1 Order of De Molay, in which ambitious order the members graduate at the age of 21. Of the 150 members in the chapter more than 25 were in the visiting party, and were accompanied by that number of their

H. B. WHITE WINS BOOK ORDER AWARD

CENTERVILLE—Winner of the \$5 book order given as prize in the Professor Quiz contest staged by the Centerville Lions at their meeting at the Black and White restaurant Tuesday night May 28 was H. B. White of the Centerville Branch of the Bank of America. White answered correctly 75 of the 105 questions given E. M. Stevens placed second.

Highlights of the District 4-B Convention of Lions to be held at San Jose June 19-21, were given by Baker W. Blanchard, Ed Secora Dr. J. L. George and Hobby Miller of that city. The Hayward Lions will present a program at the next meeting of the local club on June 11.

girl friends, including a delegation of Rainbow Girls, headed by Betty Hood, worthy advisor. After basket picnic lunch in the large banquet hall the boys and girls staged a fine entertainment in the assembly hall. Hod Tone was the energetic master of ceremonies, serving under direction of Don Hartman, master councilor, and Charlie Watkins, chaplain. "Mother" Berstein, in charge of the refreshment tables, attests that the jolly young folks "behaved just fine". Incidentally the chapter likes to boast theirs is one chapter which leads San Francisco in being "No. 1".

President Dill of the Golden Gate International Exposition has accepted the offer of your correspondent to serve as distributor of exposition literature in the Decoto home and has sent samples from which selection has been made. The shipment should be here before the end of the week . . . Incidentally the 1940 publicity-promotion literature is generally considered much more attractive than that of 1939. Oscar Haupt and other members of the home have returned with glowing accounts of the beauty of the big Treasure Island show.

Word has been received that the big orchestra of the Alameda High school will make its annual visit to the home during June.

Recent deaths in the home include that of Harry W. Harpster of Tehachapi. During his residence of ten years in the home Harpster had served as U. S. mail distributor for the dozen or so member carriers to the various rooms. For many years the late Mr Harpster was employed in the postal service as a railway mail clerk.

Scientists Plead At Annual Meet For More Faith

BOSTON, Mass., June 3 — An appeal for calm and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering here today of thousands of Christian Scientists from all over the world for the annual meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

"Trusting in the omnipotence of God," said Harry C. Browne, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus.

Becoming cognizant of the true idea about anything, exposes its suppositional opposite as a lie. Therefore, when the true idea of man's relationship to God is universally expressed, misunderstandings between men and nations will vanish.

The divine Mind is in reality the only power; therefore nothing can resist the manifestation of righteousness. With due regard for the necessary human footstep which our Leader, Mary Baker Eddy, says is indispensable in meeting problems, it is also imperative to look to the divine Mind for guidance and wisdom to supply the impetus to do all things in a right way and at the right time."

Church Officers

Mrs Margaret Murney Glenn Matters, C. S. B., of New York, daughter of the late Major General Edwin F. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C. S. B., of Brookline, Mass. Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected Treasurer and Clerk, respectively. The chief duty of the President is to serve as presiding officer at the Annual Meeting.

Commenting on the turbulent international situation, the incoming President said that "Christian Science reveals the power of individual man to meet and overcome the hordes of mesmeric suggestions and subtle influences claiming to induce discouragement and apathy. It enables the Christian Scientist to overcome the belief that war can be of permanent advantage, or that it is to be feared. It destroys the desire for an unrighteous, unjust, and enslaving peace; and it sets right that wrong sense of values which would prefer this so-called peace to that active warfare between the flesh and Spirit which The Mother Church typifies, and which ultimately leads in the victory of spirituality and Love."

George Shaw Cook, the retiring President, pointed out that "the effort of one individual or nation to dominate others, or to exploit them by means of force, coercion, dishonesty, or deception, may appear temporarily to succeed, but it cannot permanently prosper for the simple reason that evil has no divine Principle. Its nature is self-destructive.

"The ultimate triumph of good is not merely a question of hope or even of faith. All that is good in human experience is upheld by divine or spiritual law. And this law is able to assert itself and enforce itself, in spite of the effort of misguided mortals to interfere with or to prevent its operation."

Reading the report of the Manager of Committees on Publication, Mrs Florence W. Saunders, Assistant, said that the Committees are grateful "for an increasing manifestation of the spirit of friendliness on the part of the press and of the clergy toward Christian Science. This friendliness is evidenced in the lessening of public attacks on Christian Science, and in an increasing number of requests for speakers on the subject of Christian Science.

DAUGHTERS MAKE PLANS FOR GRAND PARLOR JUNE 17-21

Alameda County Native Daughters gathered at the Leamington Bowl on Wednesday evening for a pre-convention rally dinner. Supervising District Deputy Mrs. Olinda Kardoza and the Alameda County Deputy Grand Presidents were in charge of the dinner at which the 1940 Alameda County delegates to Grand Parlor and all members of the Order attended to hear the plans and arrangements made by the convention committee for the entertainment of the state delegates and visitors to the Grand Parlor conclave which will be held in Oakland, June 17 to 21.

Grand President Orinda G. Giannini of Orinda Parlor No. 56, San Francisco, will preside at the 54th annual Grand Parlor of the Native Daughters of the Golden West. Day sessions will be held at the Madison Street Temple, while evening affairs will take place at the Leamington Hotel or the Scottish-Rite Auditorium by the Lake.

—Program Arranged

Grand Secretary Sallie R. Thaler of Oakland, general chairman of the 1940 convention committee, has announced plans are progressing satisfactorily and that the following program has been arranged for the entertainment of the five hundred delegates and visiting Native Daughters.

Sunday, June 16:

Afternoon, Registration of delegates and visitors at the Leamington Hotel. Competitive contests Native Daughter Drill teams and Drum Corps, Technical High School Athletic Field.

Evening, Formal Reception, honoring Grand President Orinda Giannini at Hotel Leamington.

Monday, June 17:

Session, Opening ceremonies, Welcome by City of Oakland officials, Madison Street Temple.

Evening, Exemplification of Ritualistic Work and class initiation by Alameda County Deputy Grand Presidents, Scottish-Rite Auditorium.

Tuesday, June 18:

Session, Madison Street Temple. Visit of Grand Officers of the Native Sons of the Golden West.

Afternoon, Presentation of Junior Auxiliaries. Nominations of Grand Officers.

—Grand Ball

Evening, Grand Ball at Scottish-Rite Auditorium.

Wednesday, June 19:

Morning, Session at Madison Street Temple. Election of Grand Officers.

Afternoon, Report of Mary E. Buisis, Secretary of the Central Committee on Homeless Children.

Evening, Show and entertainment at Leamington Bowl featuring Clifford Nelson's colored picture "Sierra Nevada".

Thursday, June 20:

Morning, Session at Madison Street Temple.

Afternoon, Luncheon and Fashion show at Hotel Claremont, Berkeley.

Evening, Installation of Grand Officers at Scottish-Rite Auditorium.

In addition numerous group breakfasts, luncheons and dinner parties have been planned by individual Parlors from various parts of the state, honoring their grand officers.

The 1940 Committee in charge of the annual convention has been working on these plans for months to make certain that their guests will obtain a pleasurable and hospitable visit, returning to their homes in every quarter of the state with the firm conviction that "Alameda County knows how".

Local committee women include: Mrs. Catherine Plumb, hall and transportation; Mrs. Martha Crane, reception and grand ball, both from Laura Loma Parlor, Niles; Margaret White, reception and grand ball; Rounilda Rose, registration and publicity, both from Betsy Ross Parlor, Centerville.

LEAGUE OFFICERS

CENTERVILLE — Margaret Schelbert was elected president of the Girls' League of Washington Union High School at an election held Wednesday May 29. Other officers are Winifred Santos, vice-president; Dorothy Bettencourt, treasurer; Loretta Caeton, secretary; Mary Cattaneo, chairman of ways and means; Patricia Rose, hospitality; Cleone West, program and Lucile Greenfield, yell leader.

F. E. Rogers, former publisher of The Township Register has installed a commercial printing plant at Sparks, Nevada.

BENDEL TO ATTEND MOSQUITO CONTROL CONFERENCE JUNE 10

Roland Bendel, Washington Township foreman of the Alameda County Mosquito Abatement District, will attend a one day conference of California mosquito abatement officials at Willows on Monday, June 10.

Control of mosquito breeding on irrigated land, and results obtained using specially prepared oils and larvicides to kill mosquito "wrigglers" are among subjects for discussion at the conference.

Methods employed to obtain a high degree of freedom from mosquitoes, once a tremendous nuisance in Alameda County will be explained by Harold F. Gray, district engineer. Gray, together with A. M. Emerick, Napa County, and Fred Rush, Solano County, will answer questions on abatement operations, costs, and results put

by Glenn, Colusa, Yuba, and Sutter County residents interested in organizing to subdue mosquitoes.

Professor W. B. Herms, University of California entomology department head and trustee of the Alameda County Mosquito Abatement District, will address the conference on "Practical Aspects of Malaria Mosquito Control."

in case of a serious outbreak.

When Hetch Hetchy water first reached this District it was tried out in place of local well water, Mr. Patterson said, but proved to be too soft, forming a chemical deposit on the iron water mains. The water table at the well has risen from 40 feet below sea level to sea level.

Niles, which is approximately 35 feet above Centerville, gets the first flow of water. One hundred and thirty of the 343 acres owned by the District at Alvarado have been sold to duck clubs and the salt works, with 80 acres still available for sale.

All our communities are now being served from Centerville and the new well on the Shinn property between Niles and Centerville, he said.

Dead Sea Takes on Life

There's plenty of life in the Dead sea, and today its banks are hives of activity, with British chemists, engineers, and laborers working to win from them valuable chemicals which were formerly obtained mostly from Germany, Russia and Poland.

Products from the banks of the famous lake, which lies 1,286 feet below sea level, are potash, magnesium, caustic soda, bromine, and aluminum, all vital factors for the smooth running of a war machine.

Is your child a NOSE PICKER?

It may be just a nasty habit, but sometimes nose picking is a sign of something more. It may mean your child has *round worms*—especially if there are other symptoms, such as fidgeting, finicky appetite, restless sleep, and itching in certain parts.

People don't like to talk about bowel worms, so you may not realize how many children have this dreadful condition. They "catch" it from other children, from dogs, or unwashed vegetables, or infected water.

If you even suspect that your child has round worms, get JAYNE'S VERMIFUGUE! It is the only worm expellant in America. It is backed by modern scientific study, and has been used by millions, for over a century.

JAYNE'S VERMIFUGUE is pleasant tasting and gentle, so it does a good job. Jayne's has the ability to do its work against worms without upsetting the digestive system. If there are no worms, it acts merely as a mild laxative.

Look 20 Years beyond the
Refrigerator you buy today

Every NORGE ROLLATOR REFRIGERATOR is backed by the reputation and the resources of the great BORG-WARNER CORPORATION, world-famous manufacturer with 20 factories in 5 states

When you buy an electric refrigerator, look wisely to the future. Look 10 years ahead . . . or 20. Look beyond the refrigerator as it stands today, new and bright and gleaming. Visualize the greater needs which it may be called to meet in the years to come. Consider the satisfactions of service well rendered that can come only from a product ably engineered and ably built by an organization experienced in precision manufacturing.

Such an organization is Norge, backed by the resources and engineering skill, the seasoned reputation and world fame of the great Borg-Warner Corporation whose score of factories employ thousands in five states.

You will look today, of course, at the advanced features that distinguish the Norge refrigerator in its field . . . at the highlights of detail and design that are winning such high acclaim throughout the world. In the big SR-8 model, as shown above, you will admire extra size and ample capacity, a freezer of stainless steel, the convenience of the exclusive Handrefroster and Coldpakt, the sliding shelves, glass-covered drawers and Cellaret. You will appreciate the simple efficiency of the refrigerator-cooled Rollator Cold-Maker which Norge has built to almost unbelievable limits of precision for lifetime service.

But before you decide, look again at the record of integrity and achievement which Norge has made in the past. That, we submit, is the reason you also may look far to the future with faith in Norge.

STAGE SCREEN RADIO

(Released by Western Newspaper Union.)

By VIRGINIA VALE

WHEN Count Theo Rossi, the speedboat champion and "vermouth king," took a flying trip over South America with his bosom friend, Tyrone Power (before Anna-bella became Mrs. Power), they were hailed everywhere as "the world's two most eligible bachelors." The count, still a bachelor, made quite a dent in the hearts of the Hollywood girls last summer, but, like J. Edgar Hoover, he preferred Shirley Temple.

More recently he has left his mark on the movie colony by designing some square glasses. Almost the first person to get some was Dolores Del Rio; Hedy Lamarr, Joan Bennett, Rudy Vallee, and Peggy Moran followed suit, as did a number of the smart restaur-

ants. And now Perc Westmore, Hollywood's ace makeup expert, claims that those square corners fit into a girl's mouth more naturally than does the edge of a round glass; he declares also that, as they create less pressure on the lower lip, they help to preserve the natural form of the lips.

Hollywood's smuggest girls are Ann Dvorak, Helen Mack and Lola Lane, who are featured in Columbia's "Girls of the Road." The script calls for them to work in mud and muck throughout the film, wearing soiled clothes and even dirtier faces. Mary Booth, great-granddaughter of Edwin Booth, makes her movie debut in the same picture.

Recently at a baseball game a bewildered six-year-old boy in military uniform found himself so besieged by autograph seekers that he missed an entire inning of the game. He was Gary Crosby, eldest son of Bing, attending the game with his grandfather, and he'd like to choke the fellow who recognized him and pointed him out to the crowd.

The announcement that major radio networks are planning to use name stars from stage, screen and radio during the annual summer slump has created a wave of mental depression among Grade B performers, who had banked on filling in as summer replacements.

Kathleen Burke, the famous "Panther Woman" of the movies some years ago, is now playing the part of "Rebekah" in "Light of the World," the daytime radio show based on the Bible. Miss Burke has been absent from the screen for the past four years, during which time she married a Spanish dancer, Jose Fernandez and had a daughter.

A source of delight to the production men and engineers who handle Mrs. Eleanor Roosevelt's Tuesdays day and Thursday NBC informal talks is the absolute ease with which she goes through her routine. A seasoned veteran of the air, the First Lady knows all the hand signals for speeding up and slowing down her speech, and is proving especially easy to work with. Finishes right on the nose.

Mary Martin came home exhausted the other day; for a scene in "Rhythm on the River" she'd been working in front of the cameras in a heavy beaver coat and the temperature under the lights was 97! Arrived at home, she was confronted by the immediate need for buying a house for her mother, Mrs. Martin being one of the few people in this country who doesn't want to be alone in a house in which Greta Garbo used to be alone, and like it.

The lovely Mary took the house for herself and her mother before she married Richard Halliday. After her marriage she moved out, and her mother and the servants rattled around in the mansion. She has a six-room bungalow now, and likes it much better.

On a recent "Vox Pop" program Parks Johnson was doublecrossed in his efforts to lead into a natural ad lib commercial. Parks asked one of the men he was interviewing "What do you do after a fast run up the stairs?" The answer he expected was "I puff," whereupon Parks was all set to hand him a complimentary tin of his sponsor's tobacco and then launch into a recital of its merits.

But the man stopped him. "Oh," said he, "I always wonder why I did such a foolish thing!"

Where Statues Wore Hats! Mystery of Easter Island

Science Finds Creators of Intricate Script
Were 'Long-Eared' Artists.

ON EASTER DAY, 1722, the Dutch Admiral Roggeveen landed on a small Pacific island, which he named after the day.

He must have thought that he was landing in a nightmare, for the shores were ringed with gigantic stone statues, wearing tall red hats, and standing on high platforms with their backs to the sea. And the whole island was literally covered with statues! They still stand there today.

Later visitors made further odd discoveries. It seemed that the inhabitants had suffered a devouring national passion for sculpture.

Hardly a boulder or an outcrop of rock had not been turned into an enormous bust, a fantastic head

with enormously long ears. At the same time, they discovered wooden tablets and other objects covered with a complicated script.

This started a series of the most extraordinary theories, including suggestions that Easter island had been occupied by Red Indians, Egyptians, and the lost tribes of Israel. But nobody managed to put forward a reasonable explanation of how this diversity of races got there, or went away when their work was done!

Long-Eared Artists.

Then science took a hand. First of all, local legends were investigated, and the islanders told of a migration in the past from a distant island in the west. Proof came from one of the Gambier islands, over a thousand miles away, in the form of another legend. It told of a defeated chief setting sail to find a new home for his people. Local legend also told of two distinct races inhabiting Easter island, the "long ears" and the "short ears." And here again, science found the proof; for skulls found on Easter island show

Gems of Thought

We win by tenderness; we conquer by forgiveness.—Frederick W. Robertson.

that migrants came, not only from the Pacific islands, but also from the Australasian islands.

The "long ears" were the artists. It was their tribal custom to stretch the lobes of their ears, and they wore hats for ceremonial purposes. They were the creators of the intricate script which cannot be read, but, defeated by the "short ears," they have faded away and left no one to tell their story.

So far science can speak with authority, but science cannot say why the islanders who migrated to Easter island should have progressed so far beyond those of their race who inhabit other islands.

The well-known firm of the Lustig Furniture and Hardware company, located at Watkins and A streets in Hayward is celebrating their 25th year of service to Alameda County residents by holding a big public sale beginning at 9 o'clock Saturday morning. Their advertisement appears on the back page of this issue.

COUNCIL TO MEET

Members of the outgoing and incoming executive boards of the Phoebe A. Hearst Council of the Parent Teacher association are called to meet Monday, June 10 at 10 a.m. at the park by the Hayward Plunge, according to the new president, Mrs R. S. Mayock of Irvington.

Mrs. R. S. Mayock Seated As Head Of P. T. A. Council

CENTERVILLE—More than 100 representatives of 17 P. T. A. units of Phoebe Hearst Council attended the luncheon given at the Country Club on Wednesday May 29 for the installation of officers. The highlight of the program consisted of reports of national and state conventions.

Mrs Robert S. Mayock, past president of the Irvington P. T. A. was installed as president Mrs E. W. Buxton, 16th district president, was the installing officer. She also gave a report of the national convention which she attended recently in Omaha. Other officers installed were Vice-presidents Mesdames Guy Cauble, J. D. Bass, Harold Tilton, H. R. Hobson, Reginald Calhoun, F. E. Spicer, E. R. Miller; R. B. Benbow, recording secretary; L. Olson, financial secretary; D. B. Stephens, treasurer; A. R. Rollins and H. V. Kelly, auditors.

Honor guests included Mrs E. E. Edwards, president of Mt. Diablo Council and Past Presidents Mrs J. W. Anderson, Mrs G. A. Walters, Mrs R. B. Abbott, Mrs C. F. Sorenson and Mrs A. F. Taylor. Mrs Mae Palmer Yockey gave a talk on the parental education classes conducted under the sponsorship of the P. T. A. and the California public school system and reports of the State convention at Los Angeles were given by Mrs J. D. Bass, Mrs H. R. Hobson, Mrs F. E. Spicer, Mrs J. S. Haines, Mrs Wayne Day, Mrs Harvey Braun, Mrs L. Robinson, Mrs P. T. Meyers and Mrs Carl Phillips.

Irvington, Niles and Tennyson units were presented with certificates of standard merit and Mrs Frank Warm, president of the new unit at Ashland was introduced. Bret Harte unit at Hayward won the membership trophy with a 103 per cent gain, total membership of the council being 1287.

The musical program consisted of violin solos by Mrs E. R. Miller and vocal numbers by Mrs Frank

Brewer, accompanied by Mrs Myrtle Huddleston, all of Livermore. Mints for the luncheon which was served by the women's club were made and donated by Ben Koontz of the Holly Sugar Company at Alvarado.

The next meeting of the council will be held at Irvington on Wednesday, September 4, instead of on the third Thursday as usual. This will comprise a school of instruction under the leadership of Mrs Mayock.

W. U. H. S. TO HOLD COMMENCEMENT ON THURSDAY EVENING

One of the most spectacular graduations ever to be held in Washington high school will take place in the school stadium on Thursday night, June 13. The graduation exercises will begin at 8:30.

An unusual lighting system is to be featured. The soft ball lights are to be used for parking. At eight-thirty these will be turned off, and a single spot will be played on the memorial flag pole at the south end of the field. The graduates will walk down a lighted aisle from the north goal post to the main approach which faces the western rim of the stadium. Seats have been provided for over 3,000 people, the center section being reserved for those holding bids, leaving almost 1,500 seats open to friends who do not have bids.

The program will open with the invocation by Reverend Richard C. Day of Niles. This will be followed by the pledge of allegiance to the flag, led by Senior Class president Tom McWhirter. Gertrude Mozzetti, Vermilda De Luce, and Bernadette Mattos will sing "Nightfall", followed by the presentation of special awards.

Awards this year are the Japanese-American Citizenship League Trophies, C. S. F. life

membership pins, Judge Durham Essay award, two California Alumni Association Scholarships, the Phoebe Hearst P. T. A. award and perfect attendance awards.

Bob Rodgers will then play "Estrellita" on the saxophone. The first speaker of the evening will be John Ferrante who speaks on "The Heritage of American Youth" A choral group follows, singing the "Evening Star."

George Bonde will be the next speaker and will talk on "Educational Opportunities in Washington Union High School." He will be followed by Lorraine Peterson singing "One Fine Day" from Madame Butterfly by Puccini.

Betty Denton, the valedictorian then will speak on the "Challenge to American Youth". Following this talk, Joe Amaral will play on his trombone "Calm as the Night."

The diplomas will be presented by Mr. Overacker, president of the Board of Trustees. One hundred and thirty diplomas will be awarded. Two members of the class have completed their required work in the night school.

Fifty members of the junior class and the entire senior class will sing the farewell song, following the presentation of the diplomas. The entire audience will join the class in singing, "God Bless America."

The program will end with the benediction, taps, and the recessional.

SERVICES HELD FOR ALVISO RANCHER

CENTERVILLE—Funeral services for Manuel Leban, 56, rancher in the Alviso district for 28 years were conducted at the Chapel of the Palms Saturday morning with mass following at the Holy Ghost church and interment made in the Holy Ghost cemetery. He died at the Hayward hospital after a short illness.

He was a native of the Azores Islands and was the husband of Margaret and the father of Edward, Mrs Pauline Faria, Rufus, Alfred, Clarence, and Margaret. He was a member of U. P. E. C. No 55 of San Leandro.

SAN JOSE-ALVISO ROAD

Contracts have been awarded for resurfacing three miles of the Trimble Road between San Jose and Alviso; also one mile of the Agnew Road between Santa Clara and Alviso, reports the San Jose Office of the National Automobile Club. Work is scheduled to begin at an early date.

Musical Group Names Directors For Choral, Band

Possibility of expansion of the Southern Alameda County Musical Association to include San Leandro and acceptance of Glenn H. Woods, director of music for the Oakland Public Schools and Frank Mancini, director of music for the Modesto Public Schools, as directors of chorus and band, respectively, were important developments at a dinner meeting of the board of governors held at the Hotel Belvoir Monday night.

Woods and Mancini confirmed their acceptance of appointment on Tuesday and will begin rehearsals of chorus and band and possibly orchestra in October, following a dinner meeting of the membership in September.

The governors voted to have regular rehearsals at Hayward, as that is the central location, particularly if San Leandro is included. Interest has been expressed in that community it was reported. The board voted full authority to the president, John Kimber, to proceed in any way he sees fit to promote the association, monthly meetings of the board to be held to hear progress reports.

The next meeting will be held on Monday night, July 1, at the Hotel Belvoir at 6:30 o'clock.

Adoption of Mr. Kimber's plan included the approval of a budget that may reach \$5,000 to pay professional directors, executive secretary and other expenses. Naming of the secretary and committee is expected shortly. There is no personal financial responsibility of members in this program, according to Judge Allen G. Norris, chairman of the legal committee. The fund is to be underwritten by Mr. Kimber but as many as possible are to participate in the financing of the program.

Thirteen members of the board were present including representatives from Livermore, Pleasanton, Hayward and Washington Township.

VISITORS MAY REST AT "OLD ADOBE" EXHIBIT AT FAIR

Visitors to the Golden Gate Exposition this year will find a hearty welcome at California Nursery Company's replica of their "Old Adobe". The gardens around this exhibit are even more beautiful than last year while the interior of the building has been renovated and more color added to its furnishing.

Adjacent to the "Old Adobe" exhibit the California Nursery Company has constructed a new rose garden featuring Golden State the theme rose of the Exposition. Many other varieties of new and old roses are also growing in this garden. There are a number of redwood benches here where weary visitors may relax in restful surroundings.

Every gardener is interested in Vitamin B1. In the Hall of Science at Treasure Island, California Nursery Company has a most interesting exhibit where this new garden aid may be obtained. George C. Warner, who first discovered the practical application of

Fifty members of the junior class and the entire senior class will sing the farewell song, following the presentation of the diplomas. The entire audience will join the class in singing, "God Bless America."

The program will end with the benediction, taps, and the recessional.
